

This template is to be used for proposed disestablishments included on the Academic Plan and for which the unit has received specific written approval from the Provost's office to proceed with internal proposal development and review. This proposal template should be completed and submitted by the Dean's Office to the University Provost's Office [[mailto: curriculumplanning@asu.edu](mailto:curriculumplanning@asu.edu)]. The disestablishment **may not** be implemented until the Provost's Office notifies the academic unit that the disestablishment proposal has completed the approval process.

UNIT AND PROGRAM INFORMATION

College/School/Institute: College of Health Solutions
Department/Division/School: School of Nutrition and Health Promotion
Name program to be disestablished: Exercise and Wellness (Health Promotion), BS

Proposal Contact

Name: Kate Lehman **Title:** Senior Director, Academic Initiatives
Phone number: 602 – 496-0241 **Email:** Kate.lehman@asu.edu

DEAN APPROVAL(S)

This proposal has been approved by all necessary unit and College/School levels of review. I recommend implementation of the proposed organizational change.

College/School/Division Dean name: Julie Liss

Signature 

Date: 4/30/2015

College/School/Division Dean name:
(if more than one college involved)

Signature _____ **Date:** / /20

Note: An electronic signature, an email from the dean or dean's designee, or a PDF of the signed signature page is acceptable.

Implementation information: Degree Search is our official record of the academic catalog. Therefore, all academic programs which are active and have students enrolled are required to be listed on Degree Search. Upon request by the Dean's Office, an academic program can be removed from the undergraduate or graduate application; however, the program will remain in degree search with the notation "This program is no longer accepting applications," until the approved effective date of the disestablishment.

**PROPOSAL TO DISESTABLISH AN ACADEMIC PROGRAM
(Degree, concentration, certificate, minor)**

Name of program to be disestablished: Exercise and Wellness (Health Promotion), BS		
Plan code(s) for the program: <i>If a degree program is being disestablished that has multiple concentrations, list all plan codes impacted.</i> ECEXWHBS		
Requested effective catalog year for the disestablishment: 2016-17		
Program Type	Degree Level	
<input type="checkbox"/> Degree/major Degree type (e.g., BA, MBA, PhD):	<input type="checkbox"/> Undergraduate	<input type="checkbox"/> Graduate
<input checked="" type="checkbox"/> Concentration for an existing degree program Degree and major: ECEXWHBS Exercise and Wellness (Health Promotion)	<input checked="" type="checkbox"/> Undergraduate	<input type="checkbox"/> Graduate
<input type="checkbox"/> Minor		
<input type="checkbox"/> Certificate program	<input type="checkbox"/> Undergraduate	<input type="checkbox"/> Graduate

Briefly describe the rationale for disestablishment:

In 2014-15, the BS in Health Education and Health Promotion was created to replace the concentration and give students a greater grounding in the areas they must have to gain certification as a Certified Health Education Specialist upon graduation, which is a certification needed to be widely employable in this field.

Impact on other existing programs:

May include availability of course content for students in other majors who may need it; other.
No courses are being lost as a result of the disestablishment.

Impact on current students:

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).
There are 100 total students at this point according to the retention dashboard at ASU. Of those, 64 are seniors, many who have applied to graduate in spring 2015; 30 are juniors, who should graduate by May 2016. There are 5 sophomores and 1 freshman who has not yet been contacted and changed to a new major. Any student who was admitted for fall 2015 is being changed to another major at orientation. No changes of major are being accepted. There are another 28 still at the community colleges in a MAPP or TAG. We will contact each of those students who have not yet matriculated to ASU and have them sign up for the new MAPP in Health Education and Health Promotion or another related degree of their choice. If they sign up for the MAPP in Health Education and Health Promotion, they will not be disadvantaged, since the early courses are almost identical; there is only one additional course on the MAPP in Health Education and Health Promotion. We would like to freeze the ability for students at the community colleges to sign up for MAPP in Exercise and Wellness (Health Promotion), BS.

Applications:

What term should applications close? If this change should be made immediately upon approval, please indicate this. Please note that the program will remain on Degree Search until such a time that no students remain enrolled in the program.
We had asked in Fall 2014 that applications be closed. We would like for that to happen immediately.

Current applicants:

Describe actions that will be taken regarding admitted students or students who have applied to this program? If current applicants should be moved to a new program, please indicate the plan code of that program.
New applicants to the concentration should be moved to BS in Health Education and Health Promotion (NHHEHPBS). The College of Health Solutions will notify all of the students who have been admitted that they are being changed to the BS in Health Education and Health Promotion.

Additional information:

Provide any relevant information not required above that will assist in evaluating the proposal.

I believe we have covered all possibilities above.
