Select the catalog year for which students can begin applying into this program with the new name.

Note:

1. Name changes can only be implemented so as to be effective for a fall semester.
2. All existing and continuing students will be moved to the new name.
3. Students who complete the degree requirements prior to the fall effective date graduate under the old name.

Briefly describe the proposed change and rationale for the change:

The Master of Nonprofit Studies (MNpS) will become the Master of Nonprofit Leadership and Management (MNLm). The degree is a professional degree and we feel the new name better communicates the focus which is the management of nonprofit organizations. The name Studies tends to imply a more theoretically oriented degree. Several program alumna were asked for feedback and most favor the new name and feel it is more appropriate to what they learned.

Discuss the impact of this change on current students and/or enrollment:

The name change should result in an enrollment increase in that it better communicates the professional nature of the degree. All current students have been notified of the name change. It will not have any effect on their completion time. Most students prefer the new name.
