

This template is to be used for proposed name changes included on the Academic Plan and for which the unit has received specific written approval from the Provost's office to proceed with internal proposal development and review. A separate proposal must be submitted for each individual name change. The proposal template should be completed and submitted by the Dean's Office to the University Provost's Office [[mailto: curriculumplanning@asu.edu](mailto:curriculumplanning@asu.edu)]. The name change **may not** be implemented until the Provost's Office notifies the academic unit that the name change proposal has completed the approval process.

ECAPSYCHMS

**Requested effective date:** 2015-16

Select the catalog year for which students can begin applying into this program with the new name.

Note:

1. Name changes can only be implemented so as to be effective for a fall semester.
2. All existing and continuing students will be moved to the new name.
3. Students who complete the degree requirements prior to the fall effective date graduate under the old name.

**Briefly describe the proposed change and rationale for the change:**

The Applied Psychology MS has been confusing to students in that it is very broad, potentially ranging from counseling psychology to sports psychology. Human System Engineering reflects the intended discipline more directly and also aligns better with the new BS in Human Systems Engineering.

**Discuss the impact of this change on current students and/or enrollment:**

Students are very much in favor of this change as it better reflects the curriculum and the jobs that they will get. Currently there are 19 students in the MS Applied Psych program. We had 8 new students enroll for fall 2014. At this time, we have 3 applications received for fall 2015 for this program. With this name change, we anticipate that it will be easier for interested students to find our program and project that we will have 25 students for fall 2015.
