Briefly describe the rationale for disestablishment:

This degree concentration was closed to new enrollment several years ago. At that time, programs could be made inactive but the formal filing of disestablishment proposals was not required. Thus, this program is inactive in PeopleSoft and this disestablishment proposal will remove it from the system.

Impact on other existing programs:

May include availability of course content for students in other majors who may need it; other.

None expected. Other majors that may need related content have it available via the active Aviation Management and Human Factors concentration (an active degree plan).

Impact on current students:

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

None, there are no current students.

Additional information:

Provide any relevant information not required above that will assist in evaluating the proposal.

The Graduate College requested this disestablishment action.
