Implementation information: Degree Search is our official record of the academic catalog. Therefore, all academic programs which are active and have students enrolled are required to be listed on Degree Search. Briefly describe the rationale for disestablishment:
Lack of ability to recruit adequate student numbers.

Impact on other existing programs:
May include availability of course content for students in other majors who may need it; other.
Courses in the program have been made available for the Physics MNS program to allow for more flexibility for their students. No other impact is anticipated.

Impact on current students:
Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).
Last cohort of students (n=10) are finishing up their coursework and are on track to graduate Spring, 2014. No other students have been admitted. No impact will result from disestablishment.
