Briefly describe the rationale for disestablishment:

These programs have been closed for admission for one plus years. Due to the reorganization we have consolidated programs to maximize our recruitment efforts strategically.

Impact on other existing programs:

May include availability of course content for students in other majors who may need it; other.
There is no impact on existing programs.

Impact on current students:

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

There are currently no students enrolled in the TESEEBEMED and TESERDGMED programs. The TESEDTCMED plan code has 2 students enrolled for Spring 2014. Both students are enrolled in Applied Project and should be graduating in Spring 2014, students have been notified.
