Briefly describe the rationale for disestablishment:

The Faculty Senate and Arizona Board of Regents approved a change from the Bachelor of Science in Management with a concentration in Entrepreneurship to a Bachelor of Science in Business Entrepreneurship. There is no change in course work but we firmly believe that changing this to a BS degree instead of a concentration will maximize student recruitment and recognition of the program.

Impact on other existing programs:

May include availability of course content for students in other majors who may need it; other.
The course work will remain the same.

Impact on current students:

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

As of Spring 2012, 298 students were enrolled in the concentration. 102 of those students were seniors. We anticipate the last graduates in six years (2019). Students in currently in the concentration may remain and graduate with that degree and concentration. If they would like, they may change their catalog to the 2013-2014 catalog and move into the BS in Business Entrepreneurship.
