Briefly describe the rationale for disestablishment:

Enrollment in the certificate program has steadily declined over the past few years. The faculty and academic advisors in Exercise and Wellness agree that the “market” for this certificate is no longer viable.

Impact on other existing programs: Could include availability of course content for students in other majors who may need it; other.

There are no instances in which students from other majors are required to complete the Spa Management certificate; the courses within the certificate will still be offered for any qualified student to take.

Impact on current students: Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (ex. MAPP, TAG).

The last student currently in the program is slated to complete all course requirements May 2011.
