Briefly describe the rationale for disestablishment:

For several years, this program has had low enrollments. We continued the program because it was supported by funds from the Ford Motor Company. Due to recent budget situations, Ford has not been able to continue its support of the program. We must disestablish the program as it is not feasible for us to financially support the program.

Impact on other existing programs: Could include availability of course content for students in other majors who may need it; other.

The courses in this program were used only as electives for students in majors. None of these courses were required by any other major.

Impact on current students: Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (ex. MAPP, TAG).

We have one student finishing the program and he will complete in May 2012. Arrangements have been made for all of his course work and requirements to assure he is able to complete.
