**Implementation information:** Degree Search is our official record of the academic catalog. Therefore, all academic programs which are active and have students enrolled are required to be listed on Degree Search. Upon request by the Dean's Office, an academic program can be removed from the undergraduate or graduate application; however, the program will remain in degree search with the notation "This program is no longer accepting applications," until the approved effective date of the disestablishment.

**Requested effective date:** 2017-18

**Briefly describe the rationale for disestablishment:**

This concentration was for students who wanted to become a leader in a school but not become a principal. Students now take the Principalship concentration as there was only a difference of 2 courses.

**Impact on other existing programs:**

May include availability of course content for students in other majors who may need it; other.

There should be no impact on other programs.

**Impact on current students:**

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

There are currently two students left in this degree. Both students have met the coursework requirements however, one student is working on bringing their GPA up and the other is now discontinued for non enrollment in Fall 16. The student with a GPA issue will have one semester to bring up the GPA.
