

Impact on current students:

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

There is one student enrolled in this certificate who will be allowed to complete the program.

Applications:

What term should applications close? If this change should be made immediately upon approval, please indicate this. Please note that the program will remain on Degree Search until such a time that no students remain enrolled in the program.

Immediately upon approval or Fall 2018

Current applicants:

Describe actions that will be taken regarding admitted students or students who have applied to this program? If current applicants should be moved to a new program, please indicate the plan code of that program.

This certificate does not have any pending applications at this time.

Additional information:

Provide any relevant information not required above that will assist in evaluating the proposal.

Initiated in 2015, this program was promoted through local and national professional organizations, employers, on the program website, through EdPlus and through scholarly presentations and blogs. Despite marketing efforts, there were minimal requests for information and interest in the certificate (cost, lack of undergrad degree, competition through private education offerings). There are no students enrolled. The introduction course has been incorporated into the CRM, Regulatory Science and the CRM/RS program and will continue to be offered as an elective.

DEAN APPROVAL(S)

This proposal has been approved by all necessary unit and College/School levels of review. I recommend implementation of the proposed name change.

College/School/Division Dean name: Teri Pipe, PhD

MEMORANDUM

To: Amanda Morales-Calderon
From: Casey Evans
Date: July 9, 2018
Subject: Graduate Certificate in Biospecimen Repository Administration

Dear Amanda

On behalf of Dean Regier, I would like to provide a memo of approval to disestablish the online offering of the Graduate Certificate in Biospecimen Repository Administration. We have not received any interest from students in this offering and believe that there would be no impact on digital immersion students if this certificate was disestablished.

Sincerely,

Casey Evans
