This template is to be used for proposed name changes included on the Academic Plan and for which the unit has received specific written approval from the Office of the University Provost to proceed with internal proposal development and review. A separate proposal must be submitted for each individual name change. The proposal template should be completed and submitted by the Dean’s Office to the Office of the University Provost [mailto: curriculumplanning@asu.edu]. The name change may not be implemented until the Office of the University Provost notifies the academic unit that the name change proposal has completed the approval process.

PROPOSAL TO CHANGE THE NAME OF AN ACADEMIC PROGRAM (Degree, Concentration, Certificate, Minor)

Briefly describe the proposed change and rationale for the change:

We propose to rename the MS in Aging and Lifespan Development to the MS in Aging. In contrast to the MS degree, the proposed MS in Aging degree will draw from the educational competencies of the Academy for Gerontology in Higher Education that emphasize theoretical, empirical and evidence-based practices focusing on key current and future issues faced by mid-life and older adults. Currently, there is no preferred term for the field; Aging and Gerontology tend to be used interchangeably. For example, the two leading interdisciplinary professional organizations in the U.S. are The Gerontological Society of America and the American Society on Aging.

Discuss the impact of this change on current students and/or enrollment:

There are no students enrolled in this program at this time.
