**Implementation information:** Degree Search is our official record of the academic catalog. Therefore, all academic programs which are active and have students enrolled are required to be listed on Degree Search. Upon request by the Dean's Office, an academic program can be removed from the undergraduate or graduate application; however, the program will remain in degree search with the notation “This program is no longer accepting applications,” until the approved effective date of the disestablishment.

**Requested effective date: 2019-20**

**Briefly describe the rationale for disestablishment:**

Several years ago the Professional Golf Management program affiliation with the PGA ended, and subsequently the degree concentration, was terminated. The decision was based on financial considerations of administering the program. The students that were in the degree concentration had the opportunity to complete the degree or switch to another degree program while the program was being disestablished. The last major map associated with this program was in 2012.

**Impact on other existing programs:**

May include availability of course content for students in other majors who may need it; other.  
No impact on other programs anticipated.

**Impact on current students:**

Estimate number of students still enrolled; anticipated date of last graduates; arrangements for continuing students and students in articulated transfer pathways (e.g., MAPP, TAG).

None, as there are not any current students.

**Applications:**

What term should applications close? If this change should be made immediately upon approval, please indicate this. Please note that the program will remain on Degree Search until such a time that no students remain enrolled in the program.

Immediately upon approval.

**Current applicants:**

Describe actions that will be taken regarding admitted students or students who have applied to this program? If current applicants should be moved to a new program, please indicate the plan code of that program.

This program has been inactive since 2012, students have not been able to apply for this degree for several years.
