

This template is to be used for proposed name changes included on the Academic Plan and for which the unit has received specific written approval from the Office of the University Provost to proceed with internal proposal development and review. A separate proposal must be submitted for each individual name change. The proposal template should be completed and submitted by the Dean's Office to the Office of the University Provost [[mailto: curriculumplanning@asu.edu](mailto:curriculumplanning@asu.edu)]. The name change **may not** be implemented until the Office of the University Provost notifies the academic unit that the name change proposal has completed the approval process.

Proposed Program Name

Name: Education **Concentration (if applicable)** (*)
 Accomplished Teaching
 English as a Second Language
 Literacy Education

Plan code(s) for the program:

If this is a degree program that has multiple concentrations, list all program names and plan codes impacted. The standalone degree does not have a plan code. The plan codes for the concentrations:

- EDLANGMA
- EDESLMA
- EDACCTCMA

Requested effective date: 2020-21

Select the catalog year for which students can begin applying into this program with the new name.

Note:

1. Name changes can only be implemented so as to be effective for a fall semester.
2. All existing and continuing students will be moved to the new name.
3. Students who complete the degree requirements prior to the fall effective date graduate under the old name.

Briefly describe the proposed change and rationale for the change:

"Curriculum and Instruction" is no longer strongly-identified as the main degree title in graduate programs in education. Newer online master's degrees are titled simply the Master of Arts or Master of Science in Education -- these include Johns Hopkins University (480 graduates in most recent year available), San Jose State University (280), and National University (891), as examples of universities with large online master's graduations (Source: Emsi Analyst). We are successful in enrollments despite, and not because of, the "Curriculum and Instruction" degree title for our masters.

Discuss the impact of this change on current students and/or enrollment:

Students in the two MA in Curriculum and Instruction concentrations will be told that they will need to graduate by summer 2020 to retain the current degree title.

We anticipate no change in enrollment or possibly increase in enrollment because of the greater recognition of an MA in Education.
