MANDATORY REVIEW:

☐ The above specified course is undergoing Mandatory Review for the following Core or Awareness Area (only one area is permitted; if a course meets more than one Core or Awareness Area, please submit a separate Mandatory Review Cover Form for each Area).

POLICY: The General Studies Council (GSC-T) Policies and Procedures requires the review of previously approved community college courses every five years, to verify that they continue to meet the requirements of Core or Awareness Areas already assigned to these courses. This review is also necessary as the General Studies program evolves.

AREA(S) PROPOSED COURSE WILL SERVE: A course may be proposed for more than one core or awareness area. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core or awareness areas simultaneously, even if approved for those areas. With departmental consent, an approved General Studies course may be counted toward both the General Studies requirements and the major program of study.

5.) PLEASE SELECT EITHER A CORE AREA OR AN AWARENESS AREA:

Core Areas: Select core area...        Awareness Areas: Historical Awareness (H)

6.) On a separate sheet, please provide a description of how the course meets the specific criteria in the area for which the course is being proposed.

Required Textbook

The ♦ and the ♣ symbols denote projects which offer you the opportunity to enhance your abilities in these two very important areas. Whether you are going on to a university or moving immediately into the workforce, remember these abilities will give you an edge that can help you succeed. Communication and Critical Thinking are currently being integrated into a wide variety of Estrella Mountain courses. By integrating these abilities into a variety of courses offered at the college, students benefit twice. They learn course content and they develop these important abilities to enhance student success in academic and professional pursuits. At Estrella Mountain, Communication and Critical Thinking are defined as follows:

**Communication**

A student who effectively communicates:

1. Responds to an audience.
2. Demonstrates a clear sense of purpose.
3. Organizes information.
4. Delivers information using appropriate language.

**Critical Thinking**

A student who thinks critically, processes, synthesizes, and applies information to solve problems by:

1. Identifying the problem.
2. Developing and implementing strategies.
4. Reaching conclusions.
5. Responding to the problem.

**Class Attendance and Participation Policy:**

You are expected to attend class on time for each scheduled class session. Each student is responsible for obtaining information and assignments given during a missed class meeting prior to the next class meeting. Consult the schedule of classes for information regarding major assignments.

Absences in excess of the number of times the class meets per week may result in withdrawal from the course with a W (withdrawal passing) or Y (withdrawal failing) per college policy.

If, due to circumstances beyond your control, you acquire excessive absences, you may request permission from the instructor to remain in the course by scheduling an appointment to discuss a way to make up for those absences. Failure to do so will result in either course withdrawal or grade reduction.

Class participation is defined as attending class each class meeting and actively participating in classroom and online discussions, interactive group activities, and other class activities. Class participation is an essential part of your final grade.
Students are expected to arrange non-emergency medical appointments, travel, etc. during those times of the day and week which do not conflict with class meetings. Such absences are not considered excused in college. Consult the current college catalog for more information regarding excused absences.

Communication Policy

Every student must have an active and working email address. Every student must post his/her email address in Blackboard and make the email address visible using the Personal Information Tools.

To edit your personal information in Blackboard, follow these steps:

- Click the My Institution tab
- Click Personal Information
- Click Edit Personal Information
- Enter your correct and active email address in the appropriate box
- Click Submit
- Click OK
- Click Privacy Options
- Check the first box which indicates Email Address
- Click Submit
- Click OK

Email sent to the instructor must comply with the following procedure:

1. Course name and section must be written in the subject box (HUM251 1630 for example, or the mail will not be opened.
2. Include your first and last names after your email message
3. Email that does not follow this communication policy and procedure will not receive a response.
4. Email without a first and last name will not receive a response.

I will endeavor to return all emails sent to me within 24 hours Monday through Thursday. You may also wish to set your cell phone to receive announcement updates via text messaging

“There is a new system of communication that is now available for the EMCC Community. clearTXT is a product that integrates with Blackboard and allows text messages to be sent to mobile phones. Class announcements, assignments, schedule changes, emergency alerts, and campus news, can easily be delivered to mobile phones. With clearTXT, our campus community can stay connected.”

To “opt in” to this feature, consult the student tutorial in ENH 230 Blackboard/Academic Resources/Student Support/Technical Support/ClearTXT

Technology Policy
All written assignments submitted electronically for the course as attachments must be Microsoft Word compatible (.doc format).

All assignments which must be submitted online must follow the submission requirements detailed in that assignment.
- Do not email assignments to your instructor as they will not be accepted for credit.
- Do not submit assignments to the Digital Drop Box.

Please refer to the E-Learning page and Blackboard tutorials for technology assistance. These resources are found at [http://www.maricopa.edu/blackboard/Movies/menu.htm](http://www.maricopa.edu/blackboard/Movies/menu.htm)

You are encouraged to review these tutorials as needed throughout the semester. Your instructor is not the technology support staff. Questions and problems concerning technology, computers, Blackboard, software, etc. must be directed to the Information Commons in Estrella Hall: 623-935-8150. A 24/7 Maricopa Blackboard help desk is available at [http://www.maricopa.edu/blackboard/help.html](http://www.maricopa.edu/blackboard/help.html)

It is the student’s responsibility to be proficient in using Blackboard, its required processes, and any computer programs they use to complete the course in order to be successful this learning environment. Students need to be proactive in ensuring they are skilled in Blackboard’s processes in order to complete all assignments on time. Technology excuses (“my computer did not send the file” or “my printer ran out of ink” or “my file got erased by my cat”) for late or incomplete assignments will not be accepted.

Assignment Policy

A focal component of this class is research, analysis, and evaluation. An essential skill for success in life, the academy, and the workplace are effective communication both orally and written. In this class you will write papers and examinations totaling over 7000 words.

One expectation of academic endeavor is to investigate and delve into materials beyond what is provided in the textbooks and in class necessitating students to extend their inquiry to be successful. This extension includes consultation of scholarly materials available in online, bookstore, and library resources. A student will need to spend approximately 2½ hours reading, studying and writing for every 1 hour spent in the classroom. Thus, a 3 credit-hour class requires a student to spend at least 7½ hours per week engaged in reading, writing and study in addition to the class meeting hours.

All readings and assignments must be completed prior to the date listed on the schedule of classes. All assignments submitted in the course must be word processed and follow the technology policy above. A clear writing style and correct grammar, mechanics, and spelling are expected. Points will be deducted for unclear and/or incorrect writing. Note the course rubric for written assignments.

To receive full points written assignments must conform to the following manuscript characteristics:

- black type on 8½ by 11 inch white paper
- double spaced
- 1 inch margins top, bottom and sides
- word processed in standard (without ornamentation) 12 point font (Helvetica or Times)
- stapled in the upper left hand corner prior to class (no unstapled, paper-clipped, folder, or report covered submissions will be accepted)
- the first page bears the student’s name, course number and section, and date in the upper left hand corner
- all subsequent pages bear the student’s last name followed by the page number in the upper right hand corner of the page.
- assignments should conform to standard English mechanics and spelling

Assignment specifics and submission policies are available under the “Assignments” section of your Blackboard Course menu. All assignments must be submitted on or before the due date with in class assignments submitted at the beginning of the class. Late assignments will be reduced the equivalent of one letter grade for every day late. I will return your graded essays within 7-10 weekdays with feedback and comments.

There are no provisions in the course for make-up or extra credit work.

**Assignment and Course Grading Scale**

You may figure your grade on a day-to-day basis if you wish. Simply take a percentage of the total points awarded and the total points possible. The percentage converts into a letter grade in the following manner:

- 90% - 100% 1000 - 900 points A
- 80% - 89% 899 - 800 points B
- 70% - 79% 799 - 700 points C
- 60% - 69% 699 - 600 points D
- 0% - 59% 599 - 0 points F

**Academic Integrity Policy**

All students assume as part of their obligation to the college the responsibility to exhibit in their academic performance the qualities of honesty and integrity. All forms of student dishonesty are subject to disciplinary action to include an automatic “0” for the entire assignment and often failure for the entire course.
Academic misconduct includes but is not limited to misconduct associated with the classroom, laboratory, or clinical learning process. Some examples of academic misconduct are cheating, plagiarism, and excessive absences. For more information, refer to the current College Catalog.

Respect for Others

In order to ensure continuity of instruction and learning, beepers, pagers, cell phones, and all other electronic devices must be turned off before entering the classroom. Food is never allowed in the classroom.

Disability Policy

The college will make reasonable accommodations for persons with documented disabilities, including learning disabilities. Students should notify Ramona Shingler in Komatke Hall B (623-935-8935) and their instructors as soon as possible of any special needs.

Disclaimer

All provisions in this syllabus are subject to revision by the instructor. Such revisions, if any, will be announced in class. The student is responsible for making note of all such announcements concerning syllabus revisions and assignments, and, in the case of absence or tardiness, to contact the instructor to determine if any such announcements, revisions, or assignments were made while the student was absent from class.
