ARIZONA STATE UNIVERSITY

GENERAL STUDIES PROGRAM COURSE PROPOSAL COVER FORM

Courses submitted to the GSC between 2/1 and 4/30 if approved, will be effective the following Spring.
Courses submitted between 5/1 and 1/31 if approved, will be effective the following Fall.

(SUBMISSION VIA ADOBE.PDF FILES IS PREFERRED)

DATE 9-7-09

1. ACADEMIC UNIT: College of Nursing and Health Innovation

2. COURSE PROPOSED: HCR 220 Introduction to Nursing and Heath Care Systems 3 (prefix) (number) (title) (semester hours)

3. CONTACT PERSON: Name: Lynda Root Phone: 496-0810 Mail Code: E-Mail: Lynda.root@cox.net

4. ELIGIBILITY: New courses must be approved by the Tempe Campus Curriculum Subcommittee and must have a regular course number. For the rules governing approval of omnibus courses, contact the General Studies Program Office at 965-0739.

5. AREA(S) PROPOSED COURSE WILL SERVE. A single course may be proposed for more than one core or awareness area. A course may satisfy a core area requirement and more than one awareness area requirements concurrently, but may not satisfy requirements in two core areas simultaneously, even if approved for those areas. With departmental consent, an approved General Studies course may be counted toward both the General Studies requirement and the major program of study. (Please submit one designation per proposal)

Core Areas

- Literacy and Critical Inquiry–L
- Mathematical Studies–MA CS
- Humanities, Fine Arts and Design–HU
- Social and Behavioral Sciences–SB
- Natural Sciences–SQ SG

Awareness Areas

- Global Awareness–G
- Historical Awareness–H
- Cultural Diversity in the United States–C

6. DOCUMENTATION REQUIRED.

(1) Course Description
(2) Course Syllabus
(3) Criteria Checklist for the area
(4) Table of Contents from the textbook used, if available

7. In the space provided below (or on a separate sheet), please also provide a description of how the course meets the specific criteria in the area for which the course is being proposed.

CROSS-LISTED COURSES: No Yes; Please identify courses: ______________________________

Is this a multisection course?: No Yes; Is it governed by a common syllabus? __________

Rev. 1/94, 4/95, 7/98, 4/00, 1/02, 10/08
Rationale and Objectives

The lack of historical awareness on the part of contemporary university graduates has led recent studies of higher education to call for the creation and development of historical consciousness in undergraduates now and in the future. From one perspective historical awareness is a valuable aid in the analysis of present-day problems because historical forces and traditions have created modern life and lie just beneath its surface. From a second perspective, the historical past is an indispensable source of national identity and of values which facilitate social harmony and cooperative effort. Along with this observation, it should be noted that historical study can produce intercultural understanding by tracing cultural differences to their origins in the past. A third perspective on the need for historical awareness is summed up in the aphorism that he who fails to learn from the past is doomed to repeat it. Teachers of today’s students know well that those students do not usually approach questions of war and peace with any knowledge of historic concord, aggression, or cruelty, including even events so recent as Nazi and Stalinist terror.

The requirement of a course which is historical in method and content presumes that “history” designates a sequence of past events or a narrative whose intent or effect is to represent such a sequence. The requirement also presumes that these are human events and that history includes all that has been felt, thought, imagined, said, and done by human beings. The opportunities for nurturing historical consciousness are nearly unlimited. History is present in the languages, art, music, literatures, philosophy, religion, and the natural sciences, as well as in the social science traditionally called History.
Proposer: Please complete the following section and attach appropriate documentation.

### ASU--[H] CRITERIA

THE HISTORICAL AWARENESS [H] COURSE MUST MEET THE FOLLOWING CRITERIA:

COURSE NUMBER: HCR 220

COURSE TITLE: Introduction to Nursing and Health Care Systems

CREDITS: 3 Credit Hours

PREREQUISITES: Eng 102

PLACEMENT IN CURRICULUM: Sophomore Year

FACULTY: Lynda Root, R.N., M.S.
Office: Room 331 Nursing Building
Office Phone: 602-496-0810
E-mail: Lynda.root@asu.edu

CATALOG DESCRIPTION: Introduction to the social, political, and economic contexts in which the nursing profession and health care systems in the United States evolved.

COURSE OVERVIEW: This course focuses on the historical and contemporary evolution of nursing and health care systems in the United States. Within the broad social, political and economic context of health care systems, specific developments are examined. Students are introduced to the interprofessional health care team and the application of information technology to health care systems.

This course meets requirements as a lower division humanities course.

COURSE OBJECTIVES:

At the completion of this course students will be able to:

1. Explore the historical and contemporary evolution of nursing as a social enterprise in the United States.

2. Explore the historical evolution and contemporary evolution of health care systems in the United States.

3. Describe the relationship among emergence of different health care systems and the political, social, and economic forces that shaped those systems.

4. Discuss the educational preparation and roles of members of the interprofessional health care team.

5. Examine the evolution of information systems and their contributions to health care systems.
METHODS OF INSTRUCTION:

Lecture, Discussion (critical discourse), Selected DVD presentations, Small Group Activity,

METHODS OF EVALUATION:

Assignments

- Test 1 (50 points) 30%
- Test 2 (50 points) 30%
- Group Presentation (50 points) 30%
- Quiz 1 (10 points) 3%
- Quiz 2 (25 points) 3%
- Class Participation 4%

Grading for this course is:
90-100% A
80-89% B
70-79% C
60-69% D

* All HCR courses taken by lower division nursing students and used for consideration in admission to the upper division Professional Nursing Program must be passed with a grade of ‘C’ or better.

RESOURCES:

* Required

* HCR 220 Syllabus

*Selected required readings will be assigned throughout the semester.

COURSE POLICIES:
• Classroom
Students are encouraged to attend class. Students are responsible for information covered in lecture/discussion regardless of whether or not they attend class.

• Written Assignments
Assignments will not be accepted late unless prior arrangements are made with the instructor for turn in date different from that posted. Assignments may not be repeated. Any questions regarding assignments need to be discussed with the instructor prior to the due date. Assignments are to be submitted in hard copy on the date due. Late assignments will have 5 points deducted for each week up to a maximum of 2 weeks after the due date. Late assignments will not be accepted after that time.

• Presentations
Students are expected to attend all group presentation days. 5 participation points will be given for to student attending a presentation day. You must attend the entire class to receive these participations points. If unforeseen circumstances arise that prevent the student from attending the presentation days, the student must contact the instructor prior to the absence, to make necessary arrangements.

• Exams
Students are expected to take exams as scheduled. If unforeseen circumstances arise that prevent the student from taking the exam; the student must contact the instructor prior to the exam, to make necessary arrangements. If the student does not contact the instructor and misses an exam, the student will receive a ‘zero’ for that exam. All exams (test booklet and answer sheets) must be returned to the instructor after the student takes the exam and reviews the exam. If an exam is not returned prior to the student leaving the classroom, the student will receive a ‘zero’ for that missing exam.

• Grades
* Grades for all assignments will be posted on the grade book on the course Blackboard.
* Students share in the responsibility for checking their posted grades and bringing discrepancies to the attention of the instructor within two weeks of the posting date.

• Academic Integrity
It is expected that students and faculty in the College of Nursing & Healthcare Innovation have an obligation to act with honesty and integrity, and to respect the rights of others.

For questions about academic and professional integrity within the University and College of Nursing please refer to:

• University Code of Conduct
http://provost.asu.edu/academicintegrity

• College of Nursing Undergraduate Program Professional Program Handbook
Appendix I—Academic and Professional Integrity Policy
Appendix K—Consequences of Violations of Academic and Professional Integrity
CONHI
Undergraduate Class Expectations

Didactic

The following expectations reflect our responsibilities and accountabilities as members of the ASU College of Nursing community:

As a student I will:

• Be on time to class and return promptly following any breaks
• Come to class prepared: This means bringing writing materials, my syllabus, and text/readings. I will review the class objectives, the readings, and any other required materials/activities prior to class and be prepared to Discuss, question and apply them during class.
• Be an active participant in all classroom activities: questions, group discussion and projects, simulations and games.
• Identify my own learning needs, communicate these appropriately, initiate clarification and be self motivated and directed.
• Take tests and turn in assignments on the assigned dates.
• Conduct myself in accordance with the University Student Code of Conduct and the College of Nursing Code of Conduct and Integrity Pledge while in this class. I understand that non-respectful or disruptive behaviors are not acceptable and will be dealt with according to University/College Policy.
• Turn off/mute cell phones/pagers/etc. during class, and will respond/initiate their use only in emergent situations.
• Recognize that lectures, lecture notes, handouts, gaming materials and any other verbal or written materials made available for this class are copyrighted; and they may not be recorded, copied, marketed or sold without consent of the professor.

As Faculty I will:

• Be on time to class and return promptly following any breaks
• Come to class prepared, use a variety of teaching strategies and invite questions and discussions
• Recognize active participation in classroom activities: questions, group discussion and projects, simulations and games.
• Welcome identification of individual student learning needs, and their appropriate communication and clarification.
• Communicate expected times and/or dates that tests and assignments will be returned.
• Conduct myself in accordance with the University Student Code of Conduct and the College of Nursing Code of Conduct and Integrity Pledge and address any non-respectful or disruptive behaviors that may occur in class.
• Turn off/mute cell phones/pagers/etc. during class, and will respond/initiate their use only in emergent situations.
• Recognize that students’ work is their own and will not be recorded, copied, marketed or sold without their consent.

Approved in Undergraduate Forum 4-2-02
Rev. 1/94, 4/95, 7/98, 4/00, 1/02, 10/08
TOPIC OUTLINE:

1. The historical and contemporary evolution of nursing as a social enterprise.
2. Image of nursing
3. Education of nurses
4. Advances in practice
5. War and its effects on nursing
6. Nursing workforce issues
7. Licensure and regulation
8. Nursing research
10. Timeline of historical events
11. Access to healthcare
12. Utilization of healthcare
13. Financing healthcare
14. The relationship among emergence of different health care systems and the political, social, and economic forces that shaped those systems.
15. Impact of insurance industry, local, state and federal government
16. Healthcare reform
17. The educational preparation and roles of members of the interprofessional health care team.
18. The evolution of information systems and their contributions to health care systems.

| Module 1:              | Early History Of Nursing And Health Care  
Lecture, DVD, & Group Discussion.  
DVD: Ancient Egypt : Modern Medicine  
"Surgeries, amputations, prescription medicine, fertility and contraception...all the things we associate with the practice of modern medicine were actually introduced by the ancient Egyptians more than 5,000 years ago."
| Module 2:              | Prelude to Modern Nursing and Medicine |
| Module 3:              | Nursing in the 19th Century  
Lecture, DVD, & Group Discussion.  
Video: Sentimental Women Need Not Apply  
"Sentimental Women traces the history of nursing from its military beginnings to the present, when modern technology threatens to displace the compassion that has always been at the heart of the profession. The film examines the exploitative elements -- the racial and sexual discrimination -- with which nursing has had to contend. It also documents the part played by student nurses in cleaning up early American hospitals, nursing's great contribution to public health, and the continuing difficult and essential role of nurses in the military."
| Module 4:              | Nursing & Health Care 1900's-1920's  
Lecture, DVD, & Group Discussion.  
DVD: Classic Nursing Films  
"These historic vintage films on nursing offer an informative view of medical attitudes and procedures from a bygone era: THE ARMY NURSE (1945), NURSING (1942), and ARTIFICIAL RESPIRATION (1927)"
| Module 5:              | Nursing & Health Care in the U.S. -1920's-1940's |
| Module 6:              | Nursing & Health Care in the U.S.- 1940's-1960's  
Lecture, DVD, & Group Discussion.  
DVD: Vietnam Nurses  
This Emmy awarding winning film tells the story of the nurses that played a important role in the Viet Nam War. |
| Module 7:              | Nursing & Heath Care in the U.S.- 1960's- 1980's  
Lecture & Group Discussion. |
| Module 8:              | Nursing & Health Care in the U.S.- 1980's- present  
Lecture, DVD, & Group Discussion.  
Video: The Nurses of Hurricane Katrina |
| Module 9:              | Envisioning the future of Nursing  
Lecture & Group Discussion. |
| Module 10:             | Health Care Systems in the U.S.  
Lecture, DVD, & Group Discussion.  
DVD: Sick in America |
"As the worsening economy leads to massive job losses—potentially forcing millions more Americans to go without health insurance—FRONTLINE travels the country examining the nation’s broken health care system and explores the need for a fundamental overhaul. Veteran FRONTLINE producer Jon Palfreman dissects the private insurance system, a system that not only fails to cover 46 million Americans but also leaves millions more underinsured and at risk of bankruptcy."
