Re: Recommendations for Course Proposals (G - designation)

Recommend for Approval

From ASU:

JPN 394

Japanese Civilization: From the Ice Age to Last Thursday (new)

*The Global Awareness subcommittee appreciates the notes in the Table provided and approves the course based on this table; however, the syllabus does not sufficiently articulate how the historical texts and lectures support an understanding of the contemporary world. Please emphasize in the syllabus how the course readings and lectures develop students' understanding of the **contemporary world**.*

SLC 123

Gods and Monsters: Comparative Mythology (new)

*Approved based on text in the submission table. The syllabus was very vague on how the course readings and lectures develop students' understanding of the **contemporary world**.*
