Re: Recommendations for Course Proposals for SB Designation

Social-Behavioral Sciences (SB)

Recommend Approve

This proposal was developed and documented effectively. The syllabus is presented effectively and is aligned well with the proposal. There is sufficient focus on studying and understanding human interaction with socio-behavioral perspectives, theory, and research grounding the material and student work.

IDS 311 Integration Global Contexts - Topic: European Jewish Life Today (new)

Recommend Revise and Resubmit

This is an interesting course that may meet SB requirements. However, both the proposal and especially the syllabus are not developed and documented effectively to determine if there is sufficient focus on studying and understanding human interaction with socio-behavioral perspectives, theory, and research grounding the material and student work.
