Re: Recommendations for Course Proposals for HU designation

### **Course Recommendations**

#### **Approve for HU designation:**

#### **From ASU:**

KOR 457 Premodern Korea in a Global Context (new)  
LST 470 Topic: Creating Meaning through Design (new)  
LST 470 Topic: Understanding Place (new)  
LST 470 Liberal Studies Seminar: Topic: Social Activism Through the Arts (new)  
SLC 450 Experimental Narrative (new)

#### **Revise & Resubmit:**

LST 470 – Liberal Studies Seminar Topic: Changing Consciousness (new)

The application is incomplete

LST 470 – Topic: Tokens, Taverns and Tactics: Tabletop Game Analysis (new):

Rationale: The course has some assignment that asks for analysis, but not enough to warrant the HU. The class should be devoted to analysis for at least half the content and assignments, and that's not there.

There are also assignments that are highlighted as evidence of the HU, but those assignments, also, are lacking any critical inquiry or analysis.
