MARY LOU FULTON TEACHERS COLLEGE
PROMOTION CRITERIA FOR FIXED-TERM FACULTY

According to ACD 505-02: “Lecturers are fixed-term faculty members with responsibilities that may include teaching service responsibilities, supervising supplemental kinds of student learning, professional development, and/or administrative duties related to teaching.”

Fixed-term faculty in the MLFTC includes lecturers, clinical faculty and professors of practice. Typically fixed-term faculty have 100% teaching assignments. However, there are exceptions where faculty have assignments and expectations for mentoring, off-site coordination within partnership schools, curriculum and program development that will also be evaluated in the portfolio for promotion. When expectations for research and creative activity and/or service are listed, it is understood that these expectations are only for faculty who have these assignments in their agreement. However, evidence of professional and career development related to teaching will be seen as positive for all faculty. A case for promotion must be linked foremost to excellence in instruction/instructional activities.
