FACULTY
SCREENING MATRIX

Assistant/Associate/Full Professor
Nanoscale Science
Required Qualifications

Sample (based on sample advertisement copy for this position)

Applicant Name	Application Material			Excl.**	Required Qualifications			Excl.**	Rank	Notes
	Letter	Resume	Refs		Doctorate	Research[1]	Teaching[2]			

** If a column is left blank because an item is missing or a qualification is not met, the applicant is excluded (excl.) from further consideration.
(1 and 2 are examples of criteria used to determine whether applicants meet the required qualifications)

[1] Specific to rank: publications, grants, research statement, presentations
[2] Specific to rank: courses taught, teaching role, curriculum development, awards

SCREENING MATRIX

Assistant/Associate/Full Professor
Nanoscale Science
Desired Qualifications

Sample (based on sample advertisement copy for this position)

Applicant Name	Desired Qualifications					Notes
	Transport in nanoscale sys[1]	Mechanics at nanoscale[2]	Molecular scale biomechanics[3]	Self-assembly of nanostructures[4]	Design/syn/manuf of sensor, actuators, nanoelec sys[5]	

(1 through 5 are examples of criteria used to evaluate whether the desired qualifications are met)
