

Success starts with opportunity

President Barack Obama Scholars Program

ASU is proud to promote equal access to education for all Arizonans through programs like the President Barack Obama Scholars Program.

President Barack Obama represents outstanding academic achievement, thoughtfulness, a long record of service to others, inspired leadership and a commitment to building strong communities across this country.

He has set new standards for what is possible in America, and encouraged people around the world to pursue their dreams.

In Arizona, we have many motivated, high-achieving students. For some of them, a lack of family resources has been a barrier to higher education. With the right support, these students can be successful, build better communities and create positive change. Arizona State University is committed to providing these opportunities.
