About the curriculum

ASU Colleges at Lake Havasu City is the realization of some of the most innovative thinking in higher education. ASU is offering a curriculum that connects disciplines resulting in a more holistic view of the world. It is an important part of the ASU model to create the New American University, and Lake Havasu students will be part of a new generation prepared to create a more sustainable culture – and enjoy a unique collegiate experience in the process.

Capstone requirement offers hands on experience

All of the degree programs require a senior capstone experience. You will engage in the community and interact with groups such as the Bureau of Land Management, the U.S. Fish and Wildlife Service, and a variety of local businesses and governmental agencies to gain real world experience.
