

welcome to the ASU Center for Urban Innovation

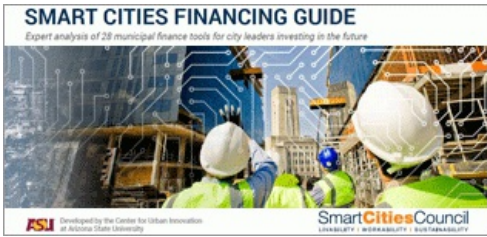

The Center for Urban Innovation is the focal point for research on urban affairs in the [School of Public Affairs](#) and the [College of Public Service & Community Solutions](#), ranked #4 in city management and urban policy by *US News and World Report*. Its mission is to improve the quality of life in neighborhoods, cities, and urban regions by: 1) promoting innovation in governance, policy, and management, 2) engaging in basic and applied research, and 3) supporting innovative education and training through critical research and community involvement. The Center is part of a unique partnership bringing together ASU with the [Alliance for Innovation](#) and the [International City/County Management Association](#).

Doing our pitch on the importance of comparative benchmarking and performance measurement with Scottsdale's @bstockwell @ASUPubAffairs @icma

A photograph of a presentation slide titled "Without respectability". The slide lists three bullet points: "You don't know what you don't know", "There is no substitute for expertise", and "Research why you get the results". Below the text are three orange spheres. The background of the slide is dark with a repeating pattern of the ASU logo.
