iTeachAZ Paradise Valley program features

- Earn a high-demand degree of Bachelor of Arts in Education for [Early Childhood and Early Childhood Special Education](#) (birth to grade 3)
- Gain valuable insight from a mentor teacher and more than twice as much classroom experience than the national average through ASU's iTeachAZ program
- Cohort-based model allows you to build your professional network
- Small class sizes provide a more personalized educational experience
- You will learn and teach within your community – take all classes and internships in the Paradise Valley Unified School District
- Program leads to Arizona teacher certification in Early Childhood B-Grade 3, and Early Childhood Special Ed B-Age 5
- ASU scholarships, grants and loan forgiveness opportunities through the United States Department of Education may provide assistance to qualifying students

Enroll today for this 24-month program starting Fall 2016.
