## 2016 ASU United Way campaign

United Way has served the needs of individuals and families in Maricopa County since 1925. Together with volunteers, partners, donors and business supporters, United Way is building caring communities where each person has the opportunity to achieve the aspirations we all share: a good education for our kids, a roof over our heads, food on the table and the security that comes with financial independence.

Your support makes it possible for [United Way](#) to achieve its very important community objectives that affect every person, family and business in the Valley:

1. Ensure children and youth succeed
2. End hunger and homelessness
3. Increase the financial stability of families and individuals

Together, thanks to your compassion and generosity, we are improving the lives and entire communities - one success story at a time. [View stories of impact.](#)
