3. Appoint and employ and determine the compensation of vice-presidents, deans, professors, instructors, lecturers, fellows and such other officers and employees with such power and authority and for such purposes in connection with the operation of the institutions as the board deems necessary, or delegate its authority pursuant to paragraph 1 of this subsection.
4. Remove any officer or employee when the interests of education in this state so require in accordance with its personnel rules and policies.
5. Fix tuitions and fees to be charged and differentiate the tuitions and fees between institutions and between residents, nonresidents, undergraduate students, graduate students, students from foreign countries and students who have earned credit hours in excess of the credit hour threshold. For the purposes of this paragraph, the undergraduate credit hour threshold is one hundred forty-five hours for students who attend a university under the jurisdiction of the board. The undergraduate credit hour threshold shall be based on the actual full-time equivalent student enrollment counted on the forty-fifth day of every fall and spring semester, divided by two, and any budget adjustment based on student enrollment shall occur in the fiscal year following the actual full-time equivalent student enrollment count. The undergraduate credit hour threshold shall not apply to degree programs that require credit hours above the credit hour threshold, credits earned in the pursuit of up to two baccalaureate degrees, credits earned in the pursuit of up to two state regulated licensures or certificates, credits earned in the pursuit of teaching certification, credits transferred from a private institution of higher education, credits transferred from an institution of higher education in another state, credits earned at another institution of higher education but that are not accepted as transfer credits at the university where the student is currently enrolled and credits earned by students who enroll at a university under the jurisdiction of the board more than twenty-four months after the end of that student's previous enrollment at a public institution of higher education in this state. On or before October 15 of each year, the board shall report to the joint legislative budget committee the number of in-state students and out-of-state students who were enrolled at universities under the jurisdiction of the board during the previous fiscal year who met or exceeded the undergraduate credit hour threshold prescribed in this paragraph. The amount of tuition, registration fees and other revenues included in the operating budget for the university adopted by the board as prescribed in paragraph 13 of this subsection shall be deposited, pursuant to sections 35-146 and 35-147. All other tuition and fee revenue shall be retained by each university for expenditure as approved by the board, except that the universities shall not use any tuition or fee revenue to fund or support an alumni association.
6. Except as provided in subsection I of this section, adopt rules to govern its tuition and fee setting process that provide for the following:

7. Pursuant to section 35-115, submit a budget request for each institution under its jurisdiction that includes the estimated tuition and fee revenue available to support the programs of the institution as described in the budget request.
