SUBJECT: Annual Review Notification - Biosafety Disclosure #11-411

DISCLOSURE TITLE: Excitation Energy Transfer in Photosystem I

This is to notify you that the annual review for your biosafety disclosure is **DUE 5/18/2017**.

What you will need to do:

- Complete and submit the attached annual review form. If there are any revisions to the original disclosure describe the revisions (i.e. BSL, scope of work, personnel, etc.) in enough detail to allow for the IBC to review.

- Verify training of all participants is up-to-date. The training frequency for this disclosure is: **not required – exempt**

- All forms should be returned by **5/18/2017** to be included on the agenda for the **June** IBC meeting. Forms should be completed electronically and submitted in Word format via email to the attention of IBC at IBC@asu.edu.

If you are no longer working with the materials, please inform an IBC Coordinator by emailing IBC@asu.edu and indicate the disposition of any remaining materials. We will close your disclosure for you.
