

Undergraduate Future Students

Sustainability

Business degree

Modern businesses are looking for ways to grow and prosper alongside our environment — and need sustainability leaders to help them do so. The W. P. Carey business degree in sustainability positions you to meet this demand, with the skills and knowledge necessary to influence growth, improve returns on capital, and improve risk management through sustainability. You'll become an effective analyst and strategist, rethink the nature of business, and graduate ready to create a better future.

Sustainability degree courses

The business degree in sustainability challenges you to consider the full scope of business sustainability issues, through courses like:

- Business and Sustainability
- Economics of Sustainability
- Business Statistics
- Fundamentals of Finance
- Future Thinking and Strategies
- Global Supply Chain Management
- Global Supply Operations
- International Development and Sustainability
- Marketing and Business Performance

- Organization and Management Leadership
- Policy and Governance in Sustainable Systems
- Sustainable Energy, Materials, and Technology
- Sustainability and Enterprise
- Sustainable Cities
- Sustainable Urban Dynamics

Customize your experience

The business degree in sustainability is available on ASU's Tempe campus, West campus, or 100% online. The historic Tempe

campus is full of Sun Devil tradition and spirit. Designated as a Phoenix “Point of Pride,” the West campus offers you an intimate, small-college feel at the heart of northwest Phoenix. And if you decide to study online, you’ll learn from the same faculty and receive all the same resources and support as on-campus students. Explore additional ways to customize your experience:
