

# Engineering Tutoring Center @ ECG

Engineering Center G-wing (ECG), Room 104

At our Engineering Tutoring Center @ ECG we offer tutoring for the following subjects:

- Physics
- Biomedical engineering
- Math
- Civil engineering
- Aerospace engineering
- Mechanical engineering
- Construction engineering
- Electrical engineering
- Materials science engineering
- Industrial engineering
- Chemical engineering

**Can't make it in person? Check out our new general online tutoring for ECG courses, Monday through Friday. See the tutoring schedule for specific class offerings.**

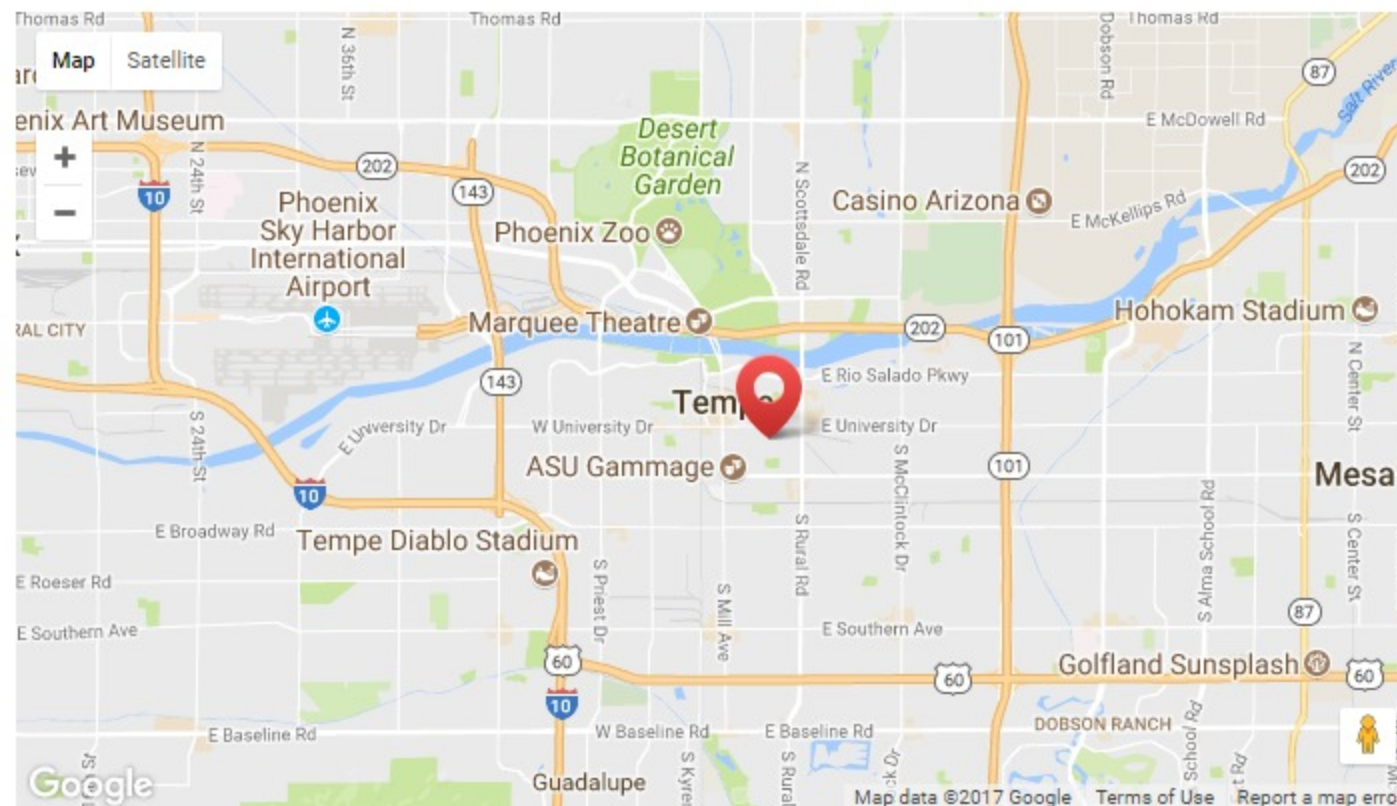

Throughout the semester our tutors will host Review Sessions and Workshops to better assist students in preparing for exams and working on projects. See our list of review sessions for the fall semester at the [ECG/ECF Tutoring Review Sessions](#) page

Want to know who your tutors are? [Learn about our staff](#)

**Summer 2017 Hours (MST):**

Mon – Fri: 9am – 4pm

Sat – Sun: Closed

## Locations

We offer tutoring in many different programming languages and computer science courses. In addition, we offer other coursework relevant to CIDSE.

We are opening our fourth location fall 2015 in the Engineering Center G-wing. More details coming soon.

Tutoring offered for physics, math and mechanical, electrical, industrial, chemical, biomedical, civil and construction engineering.

We now offer online tutoring for all Fulton students for various courses.
