## Residential Life & Student Services

Support 25,000 residential students through meaningful opportunities and interactions with faculty, staff, and peers to enhance their academic achievement, career readiness and personal success; and encourage students to contribute broadly with the larger university community.

### Objectives:

- By FY18, 85% of FTFTF and 10,000 upperclass students will participate in on-campus living in ASU's Residential College.
- Freshmen living in Residential colleges will retain at 90% in FY18.
- By 2020, University Housing will increase on-campus housing availability by 5,000, including the opening of Fulton Residential College, Greek Leadership Village, and Entrepreneurship and Innovation Commons.
- Develop partnerships with off-campus student housing facilities, positively impacting the retention and academic success of 5,000 upperclass students, including management of 922 Place by 2017 and University House by 2018.

## Community of Care & Student Wellness

Build an ASU student community that embraces physical, mental, spiritual, and social wellbeing of self and others as a hallmark of the Sun Devil experience.

### Objectives:

- For FY17, engage students in two million visits to Sun Devil Fitness centers, in fitness classes, intramural sports, recreational activities, and sports clubs, an increase of 15% over FY16.
- 50,000 students in wellness-related programming focusing on healthy relationships, sexual violence education, nutrition, stress, sleep and substance abuse prevention in FY17, an increase of 10% over FY16.
- Disability Resource Centers will provide accommodations and services to over 3,000 students in FY17.
- 100% of freshmen will engage in sexual violence education through ASU 101 and Community of Care platform in FY17.
- ASU students will report 2-5% below the national norm related to negative health behaviors (i.e. alcohol and tobacco use, drug use, emotional well-being indicators) per annual American College Health Association (ACHA) survey.

# Student Services

## Leadership and Student Engagement

Develop leadership and engagement opportunities that ensure an inclusive, affirming student experience and cultivate lifelong affiliation with ASU.

### **Objectives:**

- ASU students will complete 2 million community service hours during FY17, equal to over 30 hours per undergraduate student.
- During FY17, all student organizations will support a student experience that fosters leadership and personal development, self-governance, community involvement, and affinity for ASU.
- All student organizations and the seven student Cultural Coalitions will support the Culture@ASU initiative in recognizing, celebrating, and advancing the diversity of the ASU community during FY17.

# Student Services

## Leadership and Engagement

### Objectives (cont.):

- In FY17, increase participation in social entrepreneurship opportunities including Changemaker Challenge, 10,000 Solutions, and Woodside Community Action Grants by 20%.
- Student led social entrepreneurship ventures funded by the Woodside Community Action Grant program will increase from 16 to 24 projects in FY17.
- Launch Greek Leadership Village in Fall 2018 with full support of Greek student leadership.
- During FY17, 100% of seats in the Inferno (student section) will be maximized for every home football and men's basketball game; 500 students seats will be consistently maximized in support women's basketball.

# Student Services

## Career & Professional Development

Career Services will contribute to the preparation of students and alumni for lifelong professional contribution and achievement through intentional career counseling, dynamic experiential learning, and meaningful connections with employers and employment opportunities.

### **Objectives:**

- Increase number of students served through individual career advising by 20% in FY17.
- Increase the number of internships and jobs posted by regional, national and international employers in Sun Devil Career Link by 50% in FY17.
- Increase the number of internships available to international students by 15% in FY17.
- In FY17, Career Services will increase the number of undergraduate students participating in internships from 51% to 58%, with a specific focus on cultivating internship opportunities for students in New College.

# Student Services

## Career & Professional Development

### Objectives (cont.):

- Increase student employment opportunities in EOSS from 2,000 to 2,200 in FY17.
- Work with Greater Phoenix Economic Council (GPEC) to secure 50% new employment opportunities for students in FY17.
- In FY17, secure 500 alumni mentors, including 100 international alumni, to participate in the Sun Devil Network.
- Implement three new technology platforms to provide key resources and information, offering all students and alumni professional development and employment opportunities during FY17.
- Spring 2017 Graduating Student Survey data will indicate 89% of students who wish to work upon graduation either have a job or have had one job offer within 90 days after graduation; an increase of 1.1% over previous year.
