

Welcome

The mission of Institutional Analysis is to provide the highest quality university information and support for the decision-making, planning, and reporting needs of the ASU community and beyond.

The University Office of Institutional Analysis strives to provide timely and accurate data to meet the needs of all internal and external requestors; to utilize technology for efficient, innovative delivery of our products and services; and to support partnerships and initiatives focused on the improvement of higher education.

For official trend data on university students and employees, please visit our ASU Facts site at : <https://facts.asu.edu/>

See **Facts at a Glance** for summary statistics:
