[ASU's Graphic Information Technology program honors Maggie Rome](#)

UTO's own Maggie Rome, [Graphic Designer], was honored with the Outstanding Graduate Student award during the Spring 2017 GIT Awards on April 28. Organized by the Graphic Information Technology program at ASU and the American Institute of Graphic Arts, the awards recognize outstanding student design work, submitted by the students themselves or faculty and staff. Congratulations Maggie!

[Scheduled Blackboard System Outage 5/9/17-5/11/17](#)

The University Technology Office has scheduled their annual Blackboard upgrade. The outage period will take place on Tuesday, May 9, 6 p.m. (MST). Blackboard will return with a new look and features Thursday, May 11, 6 a.m. (MST). Please note, during this outage, Blackboard will not be accessible. For more information about the upgrade visit: <http://links.asu.edu/bb2017>

[Planning & Project Management Workshop](#)

Arizona State University exemplifies a new prototype for the American public research university. To create new innovations within the university community it is essential to understand how to effectively innovate and execute on new prototypes. Whether you fill the role of a project manager, coordinator, contributor, or stakeholder it is imperative to improve our abilities to execute. If you are
