About Us

The Seidman Research Institute is the applied research and consultancy arm of W. P. Carey School of Business at Arizona State University (ASU).

First established in 1985, Seidman currently offers a diverse range of business and economics consulting services to public and private sector clients throughout North America. These include economic impact assessments and modeling; fiscal forecasts and analyses; economic data analysis and trends; benefit-cost analyses and program evaluations; market research; strategic planning; and all forms of quantitative and qualitative research.
